**Anderson Diagnostics** is bringing its diagnostic services to Bangalore, opening a new processing centre outside Tamil Nadu. Located in the heart of Jayanagar, this new facility marks an important milestone for the company as it steps into Karnataka after serving across Tamil Nadu for 15 years.

The Jayanagar Centre offers both routine diagnostics and specialised genetic testing, filling a growing need in Bangalore for advanced health screening services. This speciality centre represents Anderson Diagnostics commitment to providing integrated diagnostic solutions under one roof.

*“Our expansion into Bangalore with this specialised centre reflects our vision to make advanced diagnostic and genetic testing services more accessible,”* noted **Dr. Srinivasaraman G., Director of Anderson Diagnostics.** *“The decision to incorporate a dedicated genetics department alongside regular diagnostics services was driven by Bangalores evolving healthcare needs and the citys position as a technology and healthcare hub.”*

Key Features of the new facility include:

- Advanced Genetic Testing Laboratory with cutting-edge molecular diagnostic capabilities
- Comprehensive routine diagnostic services with state-of-the-art equipment
- Expert team of genetic counsellors and diagnostic

specialists

- Modern patient-friendly infrastructure and comfortable waiting areas
- Digital reporting system with quick turnaround times
- Specialised genetic counseling services

The genetics department offers a wide range of services, including:

- Prenatal genetic testing
- Hereditary cancer screening
- Genetic counseling services
- Molecular diagnostics
- Cytogenetic testing
- Next-generation sequencing services

The routine diagnostics wing provides the following services:

- Complete blood investigations
- Advanced imaging services
- Preventive health check-up packages
- Specialised diagnostic tests
- Corporate health packages

*“Bangalores healthcare landscape is rapidly evolving, and we are excited to contribute to this growth with our specialised services,”* added **Dr Srinivasaraman G.** *“Our combination of genetic testing and routine diagnostics in Jayanagar will serve as a one-stop destination for comprehensive diagnostic*

*needs.”*
